President's Message

I hope everyone had a great summer relaxing and enjoying the weather and you are ready to get back to knitting and crocheting. We had a very successful year 2013/14 thanks to everyone's contributions throughout the year helping each other with their knitting and crocheting projects, helping set up, donating to the 2 charitable projects, and running workshops. Many thanks to Hanna for her contributions as President for the past two years. I am looking forward to my role as President and appreciate any assistance you can give me to make my term a successful one.

Our calendar for 2014/15 looks very exciting thanks to the Planning committee. There are several guest speakers and member workshops on Fair Isle, embellishments & finishing touches, Tunisian crochet, Bargello knitting, ribbon jewelry, and a zillion bind offs etc. Our 'work a long project' for this year is 'Fair Isle' and the two charitable projects are Coats for Kids and Cameron House.

Happy knitting and crocheting everyone!

Elaine Thompson, President

Quick Tip!

Use dental floss threaders to thread your bodkin!

DID EWE KNOW...

The name "worsted" comes from an English village, "Worstead," that was a center for yarn and cloth manufacturing in the twelfth century?

The key thing that makes worsted yarn "worsted," is that...

Worsted-weight yarn gets 5 stitches per inch!

It's up to you what needle size you use to obtain this gauge.

The standard suggestion is US 7 (4.5 mm).

When reading a pattern, it may call for "20 sts in a 4x4" (10cm) square = 5 sts/".
